**Coronavirus Protocol - If you have a scan appointment**

Community based ultrasound is one of the safest ways to obtain a clinical diagnosis for you and your GP and to enable future planning and management of many medical conditions.

We follow UK Government guidance on Covid 19: infection prevention and control

**Please wear a face covering when attending the Surgery / Ultrasound Clinic and observe social distancing where possible at all times and wash your hands frequently.**

**– If you have tested positive for SARS-CoV-2 – do not attend the clinic for your ultrasound scan.**

**If you have arrived in the UK from certain countries abroad, you must also stay at home and self-isolate for 14 days – Do not attend your appointment and contact us to reschedule.**

**Please check the government travel corridor list – this is updated frequently**
